BOY DELINQUENT IS SENT AWAY TO HIS FRIENDS IN CALIFORNIA

Harvey Krohn, the 12-year-old boy who confessed to robbing several stores within the past three weeks, was taken by his father this morning to relatives in California where he will be given a chance to make a new start in life. The boy was on probation for his previous misdeeds and was suspected of knowing something of a robbery that occurred Thursday night at the Tonopah Auto Supply company wherein \$9 was taken from the cash register.

DEATH ENDS SUIT FOR A SEPARATION

The death of Mrs. August Hankheimer Thursday night in the state hospital brought to a sudden close a divorce suit which has been under litigation in the district court for over a year and which is now under advisement by Judge Averill of Tonopah who heard the evidence two weeks ago on Judge Moran's bench. Mrs. Hankheimer was the defendant in an action for divorce brought by her husband and her death ends the proceedings.

The plaintiff, who is a resident of Verdi, charged in his complaint that the defendant had deserted him and that her treatment of him for the past periods that she consented to live with him was extremely cruel. As the defendant was confined in the asylum the principle of law was brought up by her attorney, R. P. Kreyer, that she could not be made a defendant.

CUNARD STEAMSHIPS RESUME SERVICE

The joint office of the Cunard Anchor and Anchor-Donaldson lines, San Francisco, has just received a telegram from the head offices of the companies in the United States at New York to the effect that arrangements have been made with Mr. K. Doi, manager of the Toyo Kisen Kaisha line in the United States with headquarters at San Francisco for the joint offices of the Cunard, Anchor and Anchor-Donaldson lines in the United States, and in Winnipeg and Vancouver, to represent the Toyo Kisen Kaisha line, with the exception of San Francisco and New York offices where the Japanese company has its own offices established. The offices of the companies concerned are at Boston, Philadelphia, Pittsburgh, Chicago, Minneapolis, St. Louis, Seattle, Baltimore, Washington, Winnipeg and Vancouver. This arrangement follows upon one recently announced to the effect that the Cunard line had taken over the passenger representation of the Toyo Kisen Kaisha in Great Britain, which has proved of mutual advantage.

The Canadian "Carmania," one of the largest steamers of the Cunard fleet which has been in government service as a transport, has left Liverpool for New York and is the first Canadian to come out with the usual well known Cunard red funnels. For the period of the war the "Carmania" has been painted a battleship gray, but she now resumes her peace garb.

MACHINERY GOING TO THE DIVIDE EXTENSION MINE

One of Wittenberg's fourteen animal teams came in this morning from Manhattan hauling the hoist equipment and compressor from the Morning Glory mine, which was bought by the Divide Extension management last week. The machinery will be hauled out to its new position and installed as fast as men can be had to do the work.

THE ROYAL SHOE SHOP

Alfred Guintini has installed a new machine, one of the best in the market, that will do better work than any other machine today. Any person who wishes to have his shoes fixed right should go to the Royal shoe shop, next the T. & G. market, which is the best place to go when you want to keep your feet in good condition. To insure this your shoes must be fixed right which can be done only in a shop where they keep the Goodwear welt machine, the machine that can do it.

GROCERS CANNOT SELL EXTRACTS

CARSON CITY, Feb. 8.—There was a scurrying by housewives to the grocery stores yesterday afternoon when it became known that Attorney-General Fowler was about to give out an opinion holding that the sale of lemon, vanilla and other extracts commonly used in the preparation of pastries was unlawful. The attorney-general's opinion recites that the prohibition act limits the sale of mixtures containing a considerable amount of alcohol to drug stores and therefore the sale of such extracts as lemon, vanilla and their kin is prohibited.

As an afterthought the attorney-general says he does not believe the people knew that they were voting for any such law but says that he is unable to find any different construction to place on the act.

Whether or not extracts may be sold by drug stores is not mentioned in the attorney-general's opinion and the question probably will be decided by the pharmacopoeia, on which was based the attorney-general's opinion prohibiting the sale of whisky by drug stores.

The sale of cooking extracts was prohibited in Elko county under the opinion given to the sheriff by District Attorney Castle several weeks ago.

The attorney-general's opinion is directly contrary to an opinion given some months ago by William McKnight, at that time deputy attorney-general.

REWARD FOR MURDERER IN CLARK CONSIDERED

CARSON CITY, Feb. 8.—To take care of condition existing in Clark county where three brutal murders have been committed within the last two weeks a bill was introduced in the assembly by Whitacre of Lyon making an appropriation of \$5000 to be at the disposal of the governor to be offered in rewards for the capture of criminals.

Many requests have been received lately by the governor for the offer of a reward for the capture of the Clark county murderer and because the reward fund provided by the legislature of 1917 has been exhausted the governor has been unable to offer a reward. As soon as the bill is passed a reward for the apprehension of the Clark county criminal probably will be offered.

AMUSEMENTS

MAY ALLISON WITH US TODAY

"The Return of Mary" is a gripping story in which beautiful May Allison is the star. In the role of Mary she is taken to the mansion of John Debeey, a millionaire railroad president. It is claimed that she is his daughter, abducted twenty years before. Fully convinced that she is his child, Debeey takes her in, and for five years she is a petted member of his household. Then the man who had brought Mary to the Debeey's returns. He has positive proof that she is his own daughter, and had only left her with them while he was serving a prison term. Mary is in a dilemma. She loves her father and the Debeey's as well. How Jack, son of the house, has a solution wherein all are happy is cleverly brought about in this brilliant comedy. It is a unique story with a good many twists and a heart interest which will furnish delightful entertainment. The critics all agree it is only part of the program, however, added to it will be a two-act Mack Sennett comedy, "She Loved Him Plenty," which will furnish thirty minutes of continuous laughs. So come early and enjoy yourself.

Tomorrow, the beautiful and talented stage star, Lena Cavalleri, in "Love's Conquest" and Ruth Roland, in the much talked of Pathe serial, "Hands Up"—the best yet.
